

## **Group 9: Nobug**

**Four ground rules** that you believe will benefit your group and help you function better (i.e. giving each person a chance to speak whenever making decisions and assigning a member who is in charge of making sure that happens, updating everyone twice weekly via email or phone, etc.)

- ☐ Roberto: At least once a week group up in person or virtual and make an update and plan to go with for this week or next week
- ☐ Omar: If no progress is updated to the assignment, then the group member will give a notice of when it will be completed.
- ☐ Juan: Keep everyone informed and updated on the project and how they can contribute before the deadline approaches
- ☐ Patrick: Don't let one group member make all of the decisions

**Three things** that you have experienced in groups that you DON'T want to happen, along with how you think it can be prevented.

- No single person should talk for the group, especially if it's work you didn't do or work someone else did
- No ghosting, being uncommunicative. If you can't make a deadline, communicate it ASAP
- No letting one person do all of the talking while everyone else goes with what they say to "make it easier"

Finish this sentence... "I function best in groups when..."

- I function best when group members are laid back to talk and allow for easy communication and collaboration

Finish this sentence... "I really hope our group can..."

- Make a collaborative space so that we can easily talk and work together.
